

Donate to Bonnie's final fattening fish appeal to ready her for her release to win a chance to accompany the GSPCA when she is let back into the wild

Bonnie the grey seal pup was rescued close to death on the south coast cliffs in Guernsey. After 3 months of intensive care and rehabilitation she is nearly ready for release but we need to get the final weight

Each meal cost around £5 as Bonnie the seal pup eats over 30 fresh fish a day.

To enter a competition to see Bonnie released please donate a minimum £5 donation to be entered into the prize draw which will be held at our Animal Welfare Seafront Sunday on the 15th May in St Peter Port just after 3pm

Name - _____ Telephone - _____
